- Drove fleet vehicle and completed pre- and post-inspection checks.
- Provided fast and careful delivery to over a hundred customers a day.

Physical Therapy Aide Supervisor – Cameron Park Physical Therapy

April 2017 - June 2021

- Prepared and maintained hundreds of patient accounts, implementing best practices to ensure data integrity.
- Supervised a team of up to 5 aides simultaneously, overseeing and ensuring high-quality treatment.
- Managed social media accounts and partook in various marketing strategy meetings.

Construction Associate – Streng Construction Inc.

June 2014 - August 2016 (Summers only)

- Coordinated with up to 4 team members to efficiently complete various construction projects.
- Communicated effectively with the supervisor and coworkers to complete tasks to specifications.

PROJECTS

E-commerce Website

- Designed and developed a full-stack e-commerce website to specialize in clothing sales.
- Used the MERN stack to simplify data insertion and retrieval.

Fortbot Discord bot

- Developed a Discord bot that selects random drop locations and retrieves player data for Fortnite from an external API using ExpressJS.
- Currently being used across 3 different servers.

Feed Social Media Website

- Developed a user-friendly social media platform like Twitter/X to allow users to post their thoughts.
- Incorporated real-time updates through web sockets.

Boba Shop Website

- Collaborated with a team to design, implement, and test a website tailored to a client's Boba Restaurant.
- Enabled staff to customize images and menu components easily.
- Achieved a 6% lower fee for customers, streamlined the ordering process, and implemented a customer rewards program.
